Re: Livco Water Company; Docket No. W-02121A-06-0316; Livco Sewer Company;  
 Docket No. SW-02563A-06-0316; Decision No. 69258, dated January 19, 2007; Request  
 for Extension of Time for Compliance Filing

Dear Ms. Kilger:

The subject Decision required the Water Company to file an Arizona Department of Water Resources ("ADWR") Letter of Adequate Water Supply ("LAWS") within two years of the effective date of the Decision for Concho Valley Units One and Three and Concho West.

The Company has been working diligently with its hydrologist and the ADWR personnel to obtain that LAWS. Following meetings with ADWR, it was determined that the ADWR historic reference indicating that the Parcels had Adequate Water supplies, was not sufficient, and that additional hydrologic data was needed by the Department. The Company's Hydrologist's have gathered that data and it was provided to ADWR in May 2008. In September the Department requested additional information and a meeting with the Department in November further clarified the requirements. This month the hydrologists have submitted a new proposal expanding the scope of work of the study.

It is anticipated that by the time ADWR approves the requirements of the proposed study and the data is collected it will be the fourth quarter of 2009. ADWR typically requires approximately one year to complete their analysis and issue the requested LAWS.

Therefore, the Company hereby requests that the Commission extend the January 19, 2009 Compliance Date by two years to January 19, 2011.

Ms. Kay Kilger

Page 2

Upon receipt, expected within days, we will provide a letter from developer indicating the on going need for the water service to Concho West. Concho Valley Units One and Three are existing old subdivisions and there is no developer to provide a continuing request for service.

In the event you have any questions regarding this matter, please do not hesitate to call.

Sincerely,

A handwritten signature in dark ink, appearing to read 'R. Sallquist', written in a cursive style.
